

The Union *Centennial* Campaign

honours the 100th anniversary of the International Union Against Tuberculosis and Lung Disease (The Union) by raising unrestricted funds to support its independent and innovative research and education programmes. These programmes have been the hallmark of The Union's contribution to the global fight against tuberculosis and lung disease since its founding in 1920 and continue to be core activities serving 150 countries today.

Dr E Jane Carter

President of The Union
